

# PetCare+ Treatment Record

Pet name: Luna

Species: Dog

Breed: Mixed (medium size)

Owner: Demo User

Treatment Date: 2025-03-14

Clinic: Sunny Paws Veterinary Clinic

Veterinarian: Dr. Alex Rivers

Treatment type: Annual wellness exam & vaccinations

Medications administered:

- DHPP booster (1 mL, subcutaneous)
- Rabies vaccine (1 mL, subcutaneous, 3-year)

Notes:

Luna presented bright, alert and responsive. Normal temperature, heart rate and respiratory rate. No abnormal findings on physical examination. Mild tartar on molars; owner advised routine dental cleaning within the next 6–12 months.

Follow-up: yearly wellness exam, sooner if any concerns arise.
